

Discretionary Managed Balanced Portfolio

August 2022

The Balanced Portfolio is best described as a managed fund designed to place equal emphasis upon the provision of income and capital growth. It affords an excellent sustainable income yield (which may be withdrawn or reinvested) with good capital appreciation potential on top. There will be a bias towards developed and liquid capital markets.

Risk Warning

Past performance is not a guide to the future. The capital value of units and the income from them may fall as well as rise. Yield figures may vary and are not guaranteed. Where a fund holds investments in another currency there may be additional risks due to exchange rate fluctuations. Specific clarification, individual advice and consideration of full terms and conditions is necessary if action is being considered. An investor may not get back the amount invested.
